The Star and Sentinel.

THE MYSTERY OF NATURE.
BY THEODORE TILTON.

The works of God are fair for naught,
Unless our eyes, in seeing,
See hidden in the thing the thought
That animates its being.

The outward form is not the whole,
But every part is moulded
To image forth an inward soul,
That dimly is unfolded.

The shadow, pictured in the lake
By every tree that trembles,
Is cast for more than just the sake
Of that which it resembles.

The dew falls nightly, not alone
Because the meadows need it,
But on an errand of its own
To human souls that heed it.

The stars are lighted in the skies
Not merely for their shining,
But, like the looks of loving eyes,
Have meanings worth divining.

The waves that moan along the shore,
The winds that sigh in blowing,
Are sent to teach a mystic lore
Which men are wise in knowing.

The clouds around the mountain-peak,
The rivers in their winding,
Have secrets which, to all who seek,
Are precious in the finding.

Thus Nature dwells within our reach,
But, though we stand so near her,
We still interpret half her speech
With ears too dull to hear her.

Whoever, at the coarsest sound,
Still listens for the finest,
Shall hear the noisy world go round
To music the divinest.

Whoever yearns to see aright,
Because his heart is tender,
Shall catch a glimpse of heavenly light
In every earthly splendor.

So, since the universe began,
And till it shall be ended,
The soul of Nature, soul of Man,
And soul of God are blended!

ELECTION—TUESDAY, OCTOBER 8.

THE temporary defeat of the Republicans in California, by divisions and trouble in their ranks, is hailed by the Democratic and Rebel Presses throughout the country, North and South, as a perfect God-send. They have been so accustomed to defeat and disaster since the firing on Fort Sumpter, that their joy over this little victory finds the most jubilant expression. True they had some little comfort in the battle of the Wilderness, and the first and second fights at Bull Run, where the Union armies met with disaster; but the victories of Vicksburg and Gettysburg sealed the fate of the Rebellion—since which the Democracy have met with nothing but disaster in the field and at the ballot box. Thankful for small favors, the news from California is hailed with extasy; and down South, through the entire Rebel camp, as in that of their friends of the North, there is most extravagant rejoicing. Every Rebel and Democratic exchange that we open is jubilant over the California election, and for the same reason. It is regarded as a reverse to the Union cause and a triumph of the enemies of the Republic. Their rejoicing, however, will be short-lived.—The Republicans of California, taught by this reverse the folly of dissensions and divisions will close up their ranks and in the next contest show their strength in the utter rout of their now jubilant enemies. The Republicans of the Union will answer by re-producing at the ballot-box a victory as decisive and overwhelming, as that which led to the unconditional surrender of the Rebel armies and the overthrow of armed treason.

A RECENT paragraph in the Chicago *Times* is quite suggestive. It twits SHERIDAN for not having challenged ROUSSEAU when the latter pronounced a statement made by him as false. It states that ROUSSEAU used this language, anticipating a challenge which he would have accepted.

The story is inherently probable, and illustrates the wicked spirit which animates the Democratic leaders. ROUSSEAU knows that dueling is specially prohibited by the articles of war which he is bound to obey; yet when he has a chance to wreak vengeance on a political opponent he proposes to break through every barrier of duty and of law, to get a chance to kill him.

In this way, United States Senator BRODERICK was some years since goaded into a duel and killed, when he had grown offensive to the Democratic leaders who then governed California. The same spirit existed in the South during the war, when large rewards were publicly advertised for the murder of LINCOLN, BUTLER, and others. It exists now all over the South, and finds vent in the most horrid atrocities which the military arm can hardly control. And, saddest of all, this murderous spirit rankles in the hearts of such Northern editors as that of the Chicago *Times*, who thirsts for SHERIDAN'S blood, and of such politicians as Chauncy Bur and others, who gloat over the assassination of Abraham Lincoln.

To put such men into power, would be to let loose every bloody passion, and turn the Nation into a Pandemonium.

THE Republican State Committee will present their new and elegant Campaign Flag, 30 by 20 feet in size, to the county which, at the ensuing election, shall show the best return for Hon. HENRY W. WILLIAMS, compared with the vote of last year for Gen. GEARY.

THE Democratic Convention of Alabama, whose resolutions were so ostentatiously paraded all over the country, had delegates from but thirteen out of sixty-five counties, and of the eighty-seven delegates sixty-two were from five counties. The leading men were not there. Knowing that overwhelming defeat awaits the movement, they abstained from all participation in it. We give elsewhere some of their resolutions, which will go for what they are worth.

WHY don't the Democratic papers let the people know that GEORGE SHARSWOOD was a Calhoun man against Jackson in 1832? And why do they suppress all mention of his State Rights Speech delivered in 1844? Are they afraid to allow their readers to know the public record of their nominee for one of the highest offices in the State?

THE Vicksburg (Miss.) *Herald* thinks that if President JOHNSON does not *strike* at Congress by preventing its assembling in November, or forcing it to admit the Southern representatives elected under JOHNSON'S Reconstruction, he will be impeached, *and ought to be.*

So the PRESIDENT has fair notice of what is expected of him.

"DEMOCRACY" once meant devotion to the freedom and equal rights of all men. Now it means hatred of all progress, and denial of their national rights to the weak and poor. A better word has come and taken its place. "REPUBLICAN" will become the immortal word in American politics, and the "REPUBLICAN" party will cause a title to the gratitude of the nation, not merely for having saved it in war, but for having established and secured its prosperity in peace.

THE number of persons exempted from Amnesty under the PRESIDENT'S recent proclamation is but a few hundred.—Quite a number of rebel Governors, rebel Generals, &c., were specially pardoned some time ago, by the PRESIDENT.

DESERTERS' VOTES.

Some of the Democrats of Bedford county prosecuted certain election officers for obeying the State laws, by refusing to receive the votes of certain men, marked as deserters. One of the cases was tried at the recent session of the Bedford Court, and the Election officers were acquitted by the jury, (who were out not quite ten minutes,) and the prosecutor ordered to pay the costs. The *Inquirer* says:

"The Attorneys for the prosecution asked the Court to pronounce the law of Congress, which disfranchises Deserters, *unconstitutional.* This the Court refused to do, but on the contrary informed the learned gentlemen that the Supreme Court of the State had already declared that the law was constitutional.

They then asked the Court to declare as *un constitutional* the Act of Assembly of Pennsylvania of 1866, which provides the plan and means, whereby the election officers may carry out the law of Congress, disfranchising Deserters. Again the Court refused to comply with their request; on the contrary, the Judge held that was not the case, and that election boards were bound to obey the law as they found it on the statute book. The Judge informed them that they might go to the Supreme Court for a decision of that question; and further that it would be a *shame and a disgrace in any civilized or Christian community to allow election officers to be punished for obeying the plain provisions of the law.*"

WE have seen, several times, the statement that the Democrats of Alabama, at their recent State Convention, adopted bodily the resolutions of the Democratic Convention of Pennsylvania. This is not correct. Any one, on comparing, will see many and wide points of difference. The Alabama Democrats must have had a spurious copy of the Harrisburg generalities.

The Democrats of Alabama "go it strong" on flattery of the negro, and earnestly beg them for their votes, as will be seen from these three of their resolutions:

Resolved, That it is our earnest aim and purpose to cultivate relations of friendship, harmony and peace between the two races; to deal justly with the blacks, and to instruct and aid in instructing them in a proper understanding of all their duties to themselves, to society, and to their country, and we denounce as treacherous all attempts by bad men to engender or encourage antagonism between the two races.

2. That we are inhabitants of a common country, sharers and sufferers of a common destiny, and we will do all in our power to instruct and elevate the colored race in its moral scale and political responsibilities.

3. That, while we have much charity for the colored man, and feel inclined to look indulgently and tolerantly on his prejudices of race, inculcated and encouraged as they have been by recent events and by insidious counsels of bad men, we appeal to him by the common interests of a common country, to place his trust in those he knows to be honorable; to deal cautiously with strangers who bear no evidence that they were honorable where they are better known.

Can the Pennsylvania Democracy stand that? Of course they can, if the negro will vote the Democratic ticket.—If not, not.

The Alabama Democrats have some chance with the colored voters, as of 87 delegates to their State Convention 20 were colored.

THE Democratic leaders pretend to believe that California is a Democratic State. The feud which has just caused the defeat of the Republicans there, will purify our party, will force a re-organization, drive out the men who have abused its confidence, and restore it to its former supremacy. A defeat is sometimes a blessing. The defeat of 1860 would have no doubt strengthened the Democracy had not the Rebellion supervened and killed both wings—the Southern for its direct agency in rebelling, and the Northern for its sympathy with the Rebels.

IN Maine, the Democratic vote is about the same as last year. The Republican is several thousand short. The Democrats made a great effort; the Republicans little or none. The result is a majority less than last year, but about equal to the average of the last twelve years. Our majority this year represents what we can do *without trying.*

THE Negro Question, which has agitated our politics for forty years, is on the point of final settlement. But the Democratic leaders object. They prefer keeping the country in constant turmoil, for party purposes, to having it tranquilized on just and equitable principles, and in safe and permanent form.

APPLETON, BARNES, and other School Book publishers, have recently presented the Peabody Committee with one or two hundred thousand copies of their text books, for use in the schools to be established under Mr. Peabody's magnificent gift for the spread of education in the South. The Houston (Texas) *Telegraph* is alarmed at the prospective invasion, and declares that it would rather see two hundred thousand vipers uncoil themselves and crawl over the face of the country, than these text books. Democracy appears to be opposed to general education, every where, at all times, and in all places.

THE Lynchburg (Va) *News* of the 26th ult., is openly for repudiating the war debt of the nation; and quotes with approval Vallandigham's speech and articles from the Cincinnatti *Enquirer* and other Democratic papers.

Let the people watch the signs of gathering storm.

The New York *World* of the 12th inst. says President JOHNSON is popular with nobody, and it protests against his being considered a Democrat and burdening the Democratic party with his unpopularity. But JOHNSON has thrown himself into the hands of the Democrats, who are justifying his acts; and they can't avoid the responsibility.

JOE WILLIAMS, the colored Pennsylvanian who recently "stumped" Tennessee for the Democratic ticket, is now similarly engaged in Georgia, and is reenforced by BENJAMIN HOLMES, also a colored man. At a recent Democratic meeting, on the 31st ult., in Columbus, Georgia, addresses were made by both these orators, and "great enthusiasm" is telegraphed as having prevailed. Resolutions were passed demanding the enfranchisement of all whites, and declaring the right of negroes to hold office!

PRESIDENT JOHNSON'S organs are attacking GRANT, evidently by concert. GRANT'S offence is he won't consent to endorse JOHNSON'S policy of madness.

CHARACTERISTIC IMPUDENCE.

The Democratic Party left the administration of public affairs in the spring of 1861, confessing itself unable to do anything to save the Nation from threatened rebellion. Thereafter, it did all in its power, in Congress and out of Congress, to thwart the efforts and defeat the purposes of the Republicans, who were laboring to preserve the Constitution, restore the Union and give peace to the Nation. All these finally were accomplished. Now, the Democrats ask to be restored to the management of the Ship of State! They think they are able to govern the country when no troubles threaten! The people will hardly be satisfied with such leadership.

ONE VOTE.

There is a large class of men in the Union ranks who too often stay away from the polls, and take too little interest in the elections. They will say, "O, well, I believe I won't vote this time; *one vote* won't make much difference." *One vote* sometimes decides an election! Twenty or fifty others might stay away on the same principle. Rather let the cry of every one be, "Well, I will go and vote, if no one else does." The issues this fall are of vital importance, and every vote withheld from the Republican majority in the State, will count that much in favor of restoring Rebels and Traitors to political power. Let every Republican voter do his duty this fall.

IN Ohio, there is an animated canvass, on the enfranchisement of the blacks, and on general politics. By a decision of the Supreme Court of that State, made twenty years ago, when the judges were all Democrats, mulattoes of more than half white blood were declared legal voters, and have ever since enjoyed the right of suffrage. This decision was afterwards sustained by the Democratic party when the new Constitution was framed. The Democracy having enfranchised the mulattoes, the question now is whether *all* of the race shall be enfranchised. Another issue is financial. The Democracy of Ohio are so much in love with "legal tenders" that they propose to call in all the Government bonds, manufacture two or three millions of greenbacks, and force the holders of the bonds to take them in payment. As the Democratic party has always claimed to be against paper money, this proposition to flood the country and inflate the currency with several millions more, so as to force gold up to four or five hundred per cent. premium, and overwhelm every existing interest, is very remarkable, and would be inexplicable if we did not know that the next move would be to wipe out the greenbacks, and thus at one blow get rid of the whole debt, which they view merely as a hateful relic of the coercive and unconstitutional war upon their Southern brethren.

ROBERT TOOMBS in his letter of June 19th, says: "I regret nothing in the past but the dead and the failure, *and I am to-day ready to use the best means I can command to establish the principles for which I fought.*" * * * * "I am as ready to-day as I was thirty years ago, when I entered public life as a nullifier, 'to spend and be spent' in the sacred cause."

This is the spirit of the northern and southern democracy. They are unwilling to accept the results of the war.—Like TOOMBS, they are still devoted to secession and nullification. If they are not, why did they nominate GEORGE SHARSWOOD, who was a Nullifier as far back as 1834? No man who loves his country, should vote for him.

THE Democrats make a howl because a National Bank, occasionally, has bad officers and breaks. But they do not tell the people that the *holders of the bills are secure.*

Under the old system, when a Bank broke, the bill-holders were invariably heavy losers. Under the present, they are perfectly safe. Hence, a National Bank failure generally creates very little disturbance in business circles. The Bond-holders lose, but they make the Directors, and if they elect bad men they ought to suffer.

SUCH Democratic Orators as Vallandigham and Pendleton, who are now stumping Ohio, don't discuss their war record, preferring to treat it as a "bygone." The people, however, cannot forget that they were for the success of the Rebellion which would have destroyed all hope of the perpetuity of free government on this Continent. Men thus guilty don't deserve public confidence, and will not get it.

THE New York *Herald* threatens that the Democracy will "reconstruct" the National Banking system, when they get in power. Nothing which was originated to help the Government during the war, is respectable in the eyes of the Democratic leaders. Persons interested in maintaining the financial system now existing, should be careful how they vote.

THE New York *Herald*, one of his friends, advises the PRESIDENT to resign! He has not done it, up to the time we go to press.

THE yellow fever is rapidly spreading in Texas. A large number of Government officials and officers of the army and navy have died.

GEN. Schofield has ordered an election to be held in Virginia, on the question of holding a Convention to revise the State Constitution on the 23d of October.

THE Pope has resolved to call a General Council, to be composed of dignitaries of the Catholic Church from all parts of the world. Seven Cardinals have been named by His Holiness to make the preliminary arrangements.

GEN. Griffin died at Galveston, Texas, of Yellow Fever, on Sunday last. As ranking officer he succeeded to the temporary command of the Fifth Military District, on the removal of Gen. Sheridan.

EX-CHIEF JUSTICE WOODWARD, who decided the draft to be unconstitutional, deserting the soldiers in the front and the flag in its peril, has received his sure reward from the Democracy in the shape of a nomination for Congress from the Twelfth district. The Democracy never forget or fail to honor a stab at the country.

STATE DEBT REDUCED NEARLY TWO MILLIONS!—Gov. GEARY issued a proclamation last Monday, as required by law, setting forth that the sum of *one million seven hundred and ninety-four thousand six hundred and forty-four dollars and fifty cents*, ($1,794,644.50) of the principal debt of the Commonwealth was paid, canceled, extinguished, and finally discharged during the year ending September 1, 1867. TAX-payers will please take note that this heavy reduction has been accomplished under Republican rule.

Local Items.

LOYAL MEN MUST RULE!

MEETING AT HORNER'S SCHOOL-HOUSE.

THERE will be a public meeting of citizens opposed to the arbitrary, despotic and ruinous policy of ANDREW JOHNSON and the Democratic party, at Horner's School-House, in Mountjoy township, *on Saturday evening next*, at 7 o'clock. Able speakers will be in attendance.

MEETING AT CASHTOWN.

The Citizens of Franklin township, who favor an early restoration of the Union on a loyal basis—who believe that loyal men, not traitors, should rule the Republic—who are opposed to Repudiation and a partisan Judiciary—are requested to meet at CASHTOWN, *on Monday evening next*, at 7 o'clock. Able speakers will address the meeting. [Sept. 18.—It

MEETING IN GETTYSBURG.—It is proposed to hold a Republican meeting in Gettysburg on Wednesday evening next, (Fairweek,) of which, however due notice will be given.

ASSESSMENTS.—The lists of voters have, we presume, been posted in the different election districts, as required by law. Every voter should examine them, and see whether his name is thereon or not, and, if it has been omitted he should call upon the Assessor at least ten days before the election, and have it placed thereon, otherwise he will forfeit his right to vote on the second Tuesday of October next. Every one should attend to this duty *individually.* At every election some citizens are deprived of their votes by the oversight or neglect of assessors to enrol their names. Friday the 27th inst. is the last day on which these assessments can be made.

RECOVERED.—Adjt. J. W. CRESS, whose horse was stolen on the night of the 24th ult., has recovered the horse, bridle, saddle and halter—all of which disappeared at the same time. On Saturday last Mr. CRESS incidentally heard the horse was in possession of Mr. ANDREW RUDISELL, residing about one mile from Hanover, and sent for him. We understand that Mr. R. represents that the animal came to his premises on the morning of the 25th ult, and was taken up by him.—He demanded and received $50 (the reward offered) before delivering up the property.

STEVENS HALL.—The work on this building is progressing rapidly, the granite foundation being now completed. The brick work will be commenced in a few days, it being the design of the committee to have the building roofed and enclosed before winter sets in. Mr. TURNER, the gentlemanly contractor, is an experienced builder, and seems determined to turn out a first-class job.

THE COMING FAIR.—It may not be generally known that the Legislature last winter extended the provisions of the Mercer county act in regard to Agricultural Fairs, to the State Agricultural Society and to the Adams County Society. This act forbids the erection, within three miles of the Fair Grounds, of any booth, stall, tent, carriage or other place whatever, for the purpose or use of shows, circuses, or exhibitions, or of the giving, selling or disposing of any articles of traffic, spirituous liquors, wine, beer, cider, &c., unless by permission of the officers of the Society. Of course this law does not affect the right of licensed tavern-keepers, merchants, mechanics, or other persons in pursuing their regular calling at their usual places of business.—The act is designed to break up the nuisances which usually plant themselves in the vicinity of Agricultural Fairs, such as liquor stands, gambling apparatus, &c. It is a salutary act and should be rigidly enforced.

THE SCHOOLMASTER ABROAD.—A subscriber sends us a copy of a notice put up in one of the districts of this county by the Supervisors, which indicates that the Common School system has not yet accomplished its mission. We give it *verbatim*, as sent to us—omitting names and dates, viz:

PROPERTY SOLD.—Mr SAMUEL LILLY has purchased from Mr. JOHN L. JENKINS, his farm of 108 acres, near the election poll, in Mountpleasant township. JOHN TROSTLE, Ex'r. of HENRY BEITLER, dec'd., has sold the Farm of said dec'd., in Cumberland township, 60 acres, to SAMUEL G. KENNEL, for $1200. ISAAC F. BRINKERHOFF, Executor of SAMUEL HERMAN, dec'd., on Saturday sold the farm of said deceased, in Straban township, 186 Acres, to Mr. Henry King, of East Berlin, at $32 per acre, cash.

JACOB STUCK, of New Oxford, has recently sold two properties—one, a lot with one-story house, to Mrs. SHULTZ of Hunterstown, for $1,100; the other, a lot and house, for $900, to NICHOLAS HELTZELL, who, we understand, intends to build on it a residence, and leave his farm. Mr. CHARLES ZENFT has recently sold his mill and farm (160 acres) in Oxford township, to ABRAHAM HOSTETTER for $16,000. The mill and 15 acres have recently been re-sold for $,5000. The Mansion Farm of GEORGE YOUNG, deceased, of the vicinity of Hanover, was recently sold to GEORGE KRUGH for $155 per acre.

SABBATH SCHOOLS.—In to-day's paper will be found a call for a meeting of the Superintendents of Sabbath Schools, throughout the county, to be held in this place, on Saturday the 5th of October, to adopt measures for the formation of a county Sabbath School Association, auxiliary to the Pennsylvania State Association. It is hoped there will be a full attendance. The State Association has appointed an efficient business committee, located in Philadelphia, of which JACOB A. GARDNER, Esq., is Secretary.—This committee will co-operate in the formation of County Associates, by furnishing Speakers from among the noted Sabbath-School workers.

We notice that an Institute is to be held in Philadelphia this week, to be addressed by Rev. Dr. Newton, Ralph Wells, Rev. Alfred Taylor, Prof. John S. Hart, Rev. S. Barnitz, Prof. James P. Wickersham, and others.

SUPPOSED MURDER.—A letter from Mr. A. L. SCOTT, of Boone county, Missouri, gives us the particulars of the supposed murder of WILLIAM JOSEPH SCOTT, son of JAMES M. SCOTT, deceased, and formerly of Mountjoy township, in this county. It seems that Mr. SCOTT left his home in Boone county, on the 10th of June, 1866, in search of two horses which had either strayed away or been stolen, after which nothing was heard of him. Last March a notice appeared in the "*Masonic Trowel*," Springfield, Illinois, published by the Secretary of a Masonic Lodge at St. Catharine, headed "A Missing Brother Found." Mr. SCOTT'S friends, on being apprised of the notice, started for St. Catharine, and learned that two men while fishing in Yellow Creek, Sharlton county, Missouri, found a Masonic Pin on an old vestin the creek, together with a coat. A stray horse, with saddle, was also taken up in the neighborhood. The breastpin passed into the hands of the Secretary of St. Catharine's Lodge. The pin, coat, horse and saddle all proved to be the property of Mr. Scott. It is supposed he was waylaid and murdered, as he had been threatened by reason of his devotion to the Union, having been a soldier in the Union army, and decided in his political views. He was a member of the Masonic Lodge, at Ashland, Missouri.

☞ We direct the attention of our readers to the advertisement of the Baltimore "AMERICAN," in to-day's paper—one of the ablest Republican journals in the country.

INTERESTING CELEBRATION.—The Dauphin county papers give an interesting account of a Centennial Celebration of the organization of St. Peter's Lutheran Church, in Middletown, last week. This church was established in 1767, that locality being at that time one of the outposts of civilization. The deed for the lot on which the church stands is still in existence, bearing date Sept. 18, 1764, and recites as the purchase money seven shillings and six pence, with the rather singular additional rent of one grain of wheat every year, to be delivered annually on the first day of May. In the same year a petition was sent to King George III, through John Penn, Lieutenant Governor of the Province, praying for the privilege of erecting a church and collecting funds therefor. The required license was given, and the church erected in 1767. It seems from documents still in existence that at that period the Indians were very troublesome, and whenever the inhabitants went to a store, mill, or church, they armed themselves to the teeth. They would stock their arms inside the church and have one person to stand at the door as sentinel to warn the others of approaching danger. The church, since then has had 19 Pastors, including some well known in Gettysburg, viz: Rev. Drs. Lochman, Sadler and Baum, Prof. Ehrehart, &c., Rev. Mr. Raby, late of York Springs, in this county, being the present Pastor. Six of the former Pastors were present at the celebration last week, with a number of other ministers, and participated in the exercises, which were of an exceedingly interesting character.

☞ The heavy rain on the evening of the 5th inst., caused the streams in the southeastern part of the county to be much swollen, carrying away fences, bridges, &c.—The bridge over Plum Creek, belonging to the Littlestown Railroad Company, was swept away. The trains were interrupted for a few days, until the structure was rebuilt. We also learn that the large "red bridge" over the Conowago, near the Chapel, succumbed to the flood and was swept away. The hay and corn fields along the above streams suffered some damages by the invading waters.

PICNIC.—A grand Basket Pic Nic will come off on Saturday next, the 21st inst., in John Cashman's woods, one mile east of Gulden's Station, on the road leading from Hanover to Hunterstown. Families and all others are invited.

LECTURE.—Prof. B. BROWN WILLIAMS last week lectured to large audiences in the Hall on the Fair Grounds. The Professor understands human nature, and gets up capital lectures, drawing full houses and interesting his auditors.

EXCURSION TRAINS.—During Fair week, excursion trains will be run on the Gettysburg Railroad, to accommodate the eastern portion of the county, on Tuesday, Wednesday, Thursday and Friday, Sept. 24, 25, 26 and 27. Special trains will leave Hanover at 9 A. M., reaching Gettysburg at 10—to leave Gettysburg, on return, at 5 P. M., reaching Hanover at 6. Tickets for the round trip—from Hanover 75 cents; New Oxford 50 cents; Gulden's and Granite Stations 30 cents. Tickets must be procured before getting on the train, or full fare will be charged. 1t

A CHANCE FOR BARGAINS.—DUPHORN & HOFFMAN are now opening at their store, on the northwest corner of the Diamond, Gettysburg, one of the best and largest assortment of Dry Goods of all kinds of the latest styles and patterns, ever brought to Gettysburg, which having been bought for cash, they are selling VERY CHEAP. Call and examine their assortment. 1t

SWANN, on the North-west corner of the Diamond, and will carry on the business under the name of JOHN CRESS & SON. They will keep on hand all kinds of Groceries, Confections and Notions, and invite their friends to give them a call. Sept. 18—1t.

☞ Are you afflicted with humors or eruptions on your head? Use "Barrett's Hair Restorative," which eradicates them in double-quick time. 1t

THE QUESTION SETTLED.—Those eminent men, Dr. James Clark, Physician to Queen Victoire, and Dr. Hughes Bennett, say that consumption can be cured. Dr. Wistar knew this when he discovered his now widely known BALSAM OF WILD CHERRY; and experience has proved the correctness of his opinion. 1t

WINE.—A gentleman in New Jersey, named Speer, is cultivating the Port grape with signal success, from which an excellent wine is made, which is better than imported Port, and has been adopted for medicinal purposes in the hospitals of New York, Philadelphia and Washington. 1t

WHEN'E'ER I TAKE MY WALKS ABROAD, how many poor, miserable Dyspeptic people I see, who would be healthy, and rosy, and happy, if they took Plantation Bitters, that paragon of preparations for giving tone to the stomach, energy to the torpid liver, a joy to the nervous system, and strength to the muscles. It is an admirable regenerator of nature's wasted or neglected functional powers in either man or woman. It gently excites and pleasantly soothes. With a bottle thereof, every man may be his own physician.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price. sept.18,2t.

☞ It is said that the shares of the Washington Library Company of Philadelphia are being disposed of with unexampled rapidity. The absence of all concealment, the honesty of purpose manifested by those who first inaugurated the enterprise, the fairness with which the proposed final distribution is to be conducted, and the patriotic purpose to which the entire surplus is to be applied, have taken firm hold upon public confidence. So large have the sales been thus far that the trustees hope to anticipate the time originally fixed for the dispensation of the gifts, amounting to $300,000, thus placing the funds collected much sooner than they expected in a channel to carry out the noble act of benevolence which was the object of their enterprise. All those, therefore, who desire to participate with them in the pleasure of doing a good action should subscribe without delay. They will receive at once a fine engraving, worth at retail more than the money invested, besides a gift of such value as their share may be entitled to in the final distribution. AN important convention of delegates from the Border States, was held in Baltimore last week. Large delegations were present from Maryland, Delaware, Kentucky, Tennessee and Missouri. SENATOR WILSON ON THE SITUATION.

Senator WILSON, of Massachusetts, is generally regarded as one of the most candid and moderate of our public men. He never ventures political predictions, without a substantial basis for them. As chairman of the Senate Military Committee, and in constant intercourse with the leading statesmen of the country, his views of the political prospects always attract attention. He presided over the recent Republican State Convention in Massachusetts, and at its close thus addressed them:

GENTLEMEN of the convention: I need not say to you that I thank you sincerely for the kind vote of thanks which you have just passed. I have simply endeavored to do the duties which I know each member of this convention would do if placed here, acting with impartiality and fairness. I want to say a few words, however, before we part, if you will pardon me a moment. Dr. Loring, in his eloquent remarks today, referred to the test he would put to the Southern States, and that is education. Now I want to say to you, gentlemen, just this: It has been my good fortune to know something of these Southern States. I have devoted some attention during the last few months to their condition, and I tell you that the freedmen of the Southern States are as earnest for education as any man in this convention or among the people of Massachusetts ever can be: [Applause.] Now I want to say another word and I want you to carry it home with you. I heard something said about our misfortune in California.—Why, we are so strong that we can afford to have some places struck out of our control and still not suffer from it. We hear a good deal, too, about our losses in Maine and gloomy predictions that the State will yet be lost to us. You might as well talk of losing Vermont. We are about twenty five thousand strong there and we need have no fear of the final result. We have put the ballot into the hands of six hundred thousand black men, true to the country in peace and in war, and I look today with as much confidence to those six hundred thousand black men enfranchised by the ballot, to carry these Southern States for loyalty, for justice, and humanity, as Napoleon ever did to his Old Guard to carry the victory on his battle-field. And to those gentlemen who are dancing over their little victory in California: who are shouting over the small things in Vermont and Maine, I say to them here to-day—and they can generally believe what I tell them; for I am accustomed to tell the truth—that the Republican party of this Union will carry this autumn seven or eight, and possibly ten, but not less than seven, of these rebel States for the Congressional plan, and will elect Senators, Representatives, and State Legislatures as firmly Republican as this convention. [Loud applause.]

I want to put another thing on record. Those of this nation who have been against their country: those men who have sympathized with them; those men who have sneered at us and our principles, I say to them here to-day, and I want them to carry it home, that we shall carry all the States of the Union next year for any man we nominate for President of the United States. [Loud and prolonged applause.]

THE REPUBLICAN PARTY IN THE SOUTH.—Letters received in Washington by the Republican Congressional Executive Committee represent great activity among the Republican party throughout the Southern States. Georgia and Alabama are considered good for forty thousand Republican majority, and all the other States are believed to be safe beyond a doubt, although Mr. Johnson should vote all of his rebels pardoned by the late proclamation. Counting them in, they will not change the result in a single State.

The effect of the last proclamation has been to stimulate the Union men of the South to renewed energy, to prevent, beyond all possibility of doubt, their States being placed again under the rule of Secessionists. The Congressional Executive Committee are extending their labors all over the South, and will not relax their efforts until they have a Republican organization in every county in every Southern State.

THE New York *Independent* says that Frederick Douglass received an invitation from the President to take the place of General Howard as long ago as July last. Mr. Douglass declined in very positive terms, being neither willing to facilitate the removal of a man so just and good as General Howard, nor willing to put himself under any obligations to keep the peace with the President.

NEW WORK ON SINGING.

BASSINI'S

Twenty Melodic Exercises,

IN FORM OF

SOLFEGGIOS FOR SOPRANO OR MEZZO SOPRANO VOICES,

INTENDED AS

Studies to acquire the Art of Singing.

"These exercises were composed to be used simultaneously with his system, "THE ART OF SINGING," or with any *other method* for the cultivation of the voice, and will take the place of SOLFEGGIOS; being more melodious and better adapted for teaching.

"If some of these exercises are specially beautiful as well as useful, a singling of the choice of each, which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and the appreciation, and at the same time form the taste of the pupil. They must be studied carefully with reference to the innumerable marks of expression and forms of ornamentation. Upon the minute manner with which these are accomplished depends the actual sterling advancement of the pupil; any evasion or slurring in these respects is time and effort utterly wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give unexpected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects.—*Watson's Art Journal.*

SEWING MACHINES,

699 BROADWAY, NEW YORK.

These World-renowned Sewing Machines were awarded the Highest Premium at the World's Fair, in London, and six First Premiums at the N. Y. State Fair of 1866, and are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery, we are now able to supply the very best machine in the world.

These machines are made at our new and spacious Factory at Bridgeport, Conn., under the immediate supervision of the President of the Company, ELIAS HOWE, Jr., the original inventor of the Sewing Machine.

They are adapted to all kinds of Family Sewing, and to the use of Seamstresses, Dress Makers, Tailors, Manufacturers of Shirts, Collars, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Boots, Shoes, Harness, Saddles, Linen Goods, Umbrellas, Parasols, etc. They work equally well upon silk, linen, cotton or woolen goods with silk, cotton or linen thread. They will seam, quilt, gather, hem, fell, cord, braid, bind and perform every species of sewing, making a beautiful and perfect stitch, alike on both sides of the article sewed.

The Stitch invented by Mr. HOWE, and made on this Machine, is the most popular and durable, and all Sewing Machines are subject to the principle invented by him. Send for Circulars.

SEWING MACHINES!

THE GROVER & BAKER.

THE BEST IN USE.—These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine.—They are the only Machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned have been appointed Agents for the above Machines, has established an Agency in Fairfield, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Agricultural Implements.

BRINKERHOFF'S

CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition. One important feature in this machine is that it will shell ears large, small or crooked, perfectly clean, and separates the cob and chaff from the Corn ready for market.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw!*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; B. P Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edward Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the following, from the N. Y. *Observer*, is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufacturers more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put in the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.
